

## What Do Our Clients Have To Say?

*"My mentor is amazing. She is a deeply caring, kind, and knowledgeable person. I am beyond grateful for her guidance and support. Having her as my mentor really helped me to cope with postpartum anxiety. I wish every new mom receives support from such a great person."*

*"There's so many resources available through Care Net."*

*"I love how welcoming and friendly everyone was. I felt very safe and taken care of."*

*"I really appreciated all the help, You helped make my pregnancy go smoother and helped me be better prepared for motherhood."*

*"They are understanding and don't judge you and I recommend it."*

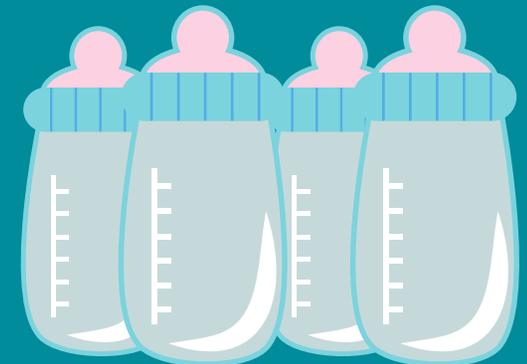

*"There was an abundance of information. And genuine care about my needs and wants."*

*"I really appreciated all the help, You helped make my pregnancy go smoother and helped me be better prepared for motherhood."*

## What Is Life Net?

Life Net is the umbrella organization under which Care Net Pregnancy Support Center of Missoula falls. Care Net is a Christian, faith-based organization that exists as an alternative to abortion.

Care Net's mission is to assist anyone experiencing an unplanned pregnancy or desiring STD/STI testing. We are committed to supporting women, men, and their families through pregnancy and beyond by providing educational, emotional, spiritual, and material support. We provide this assistance free-of-charge\* to anyone in need, regardless of their personal history or religious beliefs. We provide compassionate, non-judgmental care with the utmost level of confidentiality.

Our services include pregnancy tests, limited ultrasounds, STD/STI testing, material assistance, parenting education and support for women and men, support after abortion counseling, and referrals to outside agencies.

\*Though our services are free, certain STD/STI tests carry a low lab fee which is passed on to clients.

## How Does It Work?

Each year, Care Net of Missoula launches a baby bottle drive that runs from Mother's Day through Father's Day or between dates your church specifies.

Your church let us know how many baby bottles they would like to receive, and they set up a table (typically in the foyer area) where children and families can take home an empty baby bottle and then bring it back filled with change and cash money. (We also accept checks made out to Life Net of Missoula or Care Net of Missoula.)

**We recommend that you return the filled baby bottle to your church during the allocated time frame.** After that time, you can drop off the bottles to us at the Care Net clinic.

**Phone number: 406-549-0406**

**Office hours:  
Monday-Thursday  
10am-4pm**

## What Other Ways Can We Support Care Net?

There are many ways churches, businesses, and individuals can support the life-saving work of Care Net. Here are a few ideas:

- **Ask to be included in our monthly prayer request email and commit to pray regularly.**
- **Participate in the spring Baby Bottle Drive.**
- **Become a monthly donor.**
- **Plan to attend our annual, fall fundraising banquet and give generously.**
- **Host a baby shower in our name, where all gift are donated to Care Net.**
- **Become a volunteer. (Only 1-3 hours per week.)**
- **Sign up to receive our bi-monthly newsletter. We list our needs there, as well as other ways to get involved.**
- **Get on Care Net's Facebook and/or Instagram pages and share our posts.**
